DETAILED ACTION

Allowable Subject Matter

Claims 15-21 are allowed.

The following is an examiner's statement of reasons for allowance: the closest prior art of record does not teach or render obvious the claimed apparatus, according to independent claim 18, comprising a position retaining unit comprising a first rotational element having an uneven portion which meshes with a first uneven portion disposed on said first ring member, a second rotational element having an uneven portion which meshes with a second uneven portion disposed on said second ring member, and a shaft member which couples said first and second rotational elements together, wherein said shaft member is attached to said rotating gantry such that said shaft member is free to rotate on its axis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
